Professional Summary

Experienced Full-Stack Developer with 4 years of experience building robust web and mobile applications. Proficient in ReactJS, Angular, Ionic, Node.js, and MariaDB. Skilled in front-end and back-end development, database management, and API integration. I am adept at leveraging Agile methodologies and version control systems to collaborate effectively with teams and deliver high-quality projects on time. I am constantly seeking opportunities to learn new technologies and stay up-to-date with industry trends.

- **Programming Languages & Frameworks:** ReactJS, Angular, Node.js, Ionic, JavaScript (ES6+), TypeScript, Express.js, Python, Redux, jQuery, RESTful APIs, HTML5, CSS3, SCSS, Bootstrap, Agile
- **Cloud & Databases:** AWS, MySQL, MariaDB
- **Version Control:** Git, GitHub
- **Testing & Quality Control:** Jest, Postman
- **Design & Prototyping:** Canva, Figma, Adobe Photoshop
- **Soft Skills:** Attention to Detail, Problem-Solving, Creativity, Time Management, Adaptability, Organization

Work Experience

- **Junior Full Stack Developer**, Nadiran, Remote (Toronto, Canada)  Jan 2024 - Present
 - Collaborated with a team of developers to design, develop, and deploy scalable web applications using Angular, Node.js, and TypeScript.
 - Identified and resolved performance bottlenecks, reducing web application load times by 30% and improving user experience.
 - Developed and maintained web and mobile applications using Angular, Ionic, Bootstrap, SCSS, and TypeScript.
 - Effectively used Git for version control and collaboration with team members.
 - Performed regular code reviews to maintain code quality and consistency, leading to fewer bugs and faster development cycles.
- **Front-End Developer**, Bidar, Remote (Montreal, Canada)  Aug 2023 - Jan 2024
 - Developed and optimized a front-end web application using ReactJS, JavaScript, HTML, and CSS, improving the user experience for over 20,000 visitors.
 - Enhanced UI/UX by modifying web application designs based on user feedback, utilizing SCSS, Figma, Canva, and Bootstrap.
 - Ensured seamless user experience across different devices by implementing responsive design principles.
 - Implemented SEO best practices to improve web application visibility in search engine results.
- **Front-End Developer**, Sayal Gostar Dehkadeh, Iran Aug 2020 - Sep 2022
 - Contributed to designing, developing, and maintaining web applications using HTML, SCSS, JavaScript, and ReactJS, successfully delivering 5 projects within the given timeframe.
 - Implemented UI elements based on Figma designs, collaborating closely with developers and designers on various projects.
 - Ensured consistent functionality and appearance across major browsers by resolving compatibility issues and testing extensively.
 - Incorporated user feedback to refine UI/UX designs, improving application usability and satisfaction rates.

Education

- **Full Stack Development**, University of Calgary  2023 - 2024
- **Bachelor of Engineering**, Electrical Engineering, Azad University  2009 - 2014
